

DIRECTOR'S NOTE

Congratulations on deciding to take the plunge into the world of performance! Every professional Actor, Dancer, Singer and instrumentalist understands that auditioning is a key part of their profession. By deciding to audition you are already working towards developing your theatre industry skillsets

First thing, don't stress! Auditions should be seen as a fun experience and we are NOT looking for complete polished performances. We ARE looking for a clear engagement with the material and to demonstrate that you have made your own thought out acting choices which in turn will demonstrate your passion.

Remember to state your name, the piece that you are performing and say "This is my audition tape for Cue-conservatory." Videos that have been recorded for purposes other than these specific auditions will not be accepted.

HAVE FUN & BREAK A LEG!

CUE-CONSERVATORY

VIDEO AUDITION REQUIREMENTS

1. Please prepare either the male or female monologue from the play 'DNA' by Dennis Kelly.
2. Please prepare a short 1 – 2 minute performance to show off the specific skillset that you aim to bring to the troupe. This can either be a song, dance routine, Instrumental performance, or if you are entering purely based on your Acting ability, a second monologue. (Please note for those who audition purely for acting we will be looking for auditionees who demonstrate reasonable level of skill and dedication to this artform)

Note: Auditions should be recorded in the form of a self-tape and uploaded to the platform "Submit Audition Video"
